

Press Release

AppGuard is Adopted by Cook Security Group for ATM protection

A Perfect fit in the Cook Security Group Security+ protection solution.

COOK SECURITY GROUP, Portland, Oregon, April 7, 2016:

Security is our #1 priority for our customers. By Cook Security Group partnering with Blue Ridge Networks, we are able to provide our customers not only the top technology and service but also the best protection software on the market. We hand picked AppGuard because it matches our core values – which is providing our ATM customers with the best protection of anti-virus, anti-malware and trusted application software available. In addition, AppGuard is a repeat winner of the GSN Homeland Security Award for best Anti-Malware.

Since the beginning in 2002, Cook Security Group has provided the handshake of where technology meets people to “Make it Happen” for our valued customers. We have built our reputation on providing the best possible service at a reasonable price with the help of 220+ passionate employees dedicated to saving our customers money and making their lives easier.

Our unique RemoteView dashboard service enables you to remotely access and manage your ATMs and Surveillance systems anytime, anywhere and on any device. With RemoteView Surveillance integration, you can view video from the ATM and teller transactions directly from the dashboard. The built in Case Management platform allows you to create cases and share information with anyone.

Please stop by the Cook Security Group booth at FSPA, May 18th - 21st in Orlando, Florida to see a live demo of our game changing technology.
